About Our Center

Unity Holistic Healing Center (UHHHC) was formed in April 2013 as an extension of the healing mission of Unity of Charlottesville (UOC). As such, UOC became the only Unity in the country with a Healing Center on its campus. The Center is not restricted only to Unity congregants, but instead provides professional services for the physical and spiritual healing, growth, and transformation of all members of the Charlottesville community.

Our Services

The Center is comprised of therapists, coaches, registered nurses and other healing practitioners who are fully certified and insured, so you can be confident that you are working with an experienced professional in their chosen field. Each practitioner offers an array of healing services and transformational classes covering a wide range of modalities to heal body, mind and spirit. The modalities, listed in this brochure, meet the needs of those who are in search of a holistic and spiritual approach to healing. Having a Holistic Healing Center on the campus of UOC is a natural extension of Unity's commitment to support the healing and nurturing of body, mind and spirit.
