Two of the basic teachings of Unity are that we are here to make the world a better place and that affirmative prayer is the highest form of creative thought. Those two principles are the foundation upon which Unity Holistic Healing Center (UHHC) was created and they guide all services and programs offered at the Center.

UHHC was formed in April 2013 as an extension of the mission of Unity of Charlottesville (UOC). The Center provides services for the spiritual growth and transformation of all aspects of being in alignment with Unity teachings and the mission of UOC. As such, UHHC is the embodiment of UOC’s goals to serve its community and the people of Charlottesville.

Unity co-founders, Charles and Myrtle Fillmore, founded Unity in 1889 as a non-denominational healing and prayer ministry. Having a Holistic Healing Center on the campus of UOC is a natural extension of Unity’s commitment to support the healing and nurturing of body, mind and spirit.

The Center is comprised of certified practitioners and registered nurses who are affiliated with Unity. Each offers an array of professional services and classes covering a wide range of modalities to heal body, mind and spirit: Reiki; Massage; Angel Card readings; Medium; Quantum Touch Energy Healing; Past Life Regression; Soul Writing; Life Coaching and Health & Wellness Coaching; Spiritual Intuitive Readings; Body Talk System; Aromatherapy; Accunect; Healing Touch; and the Metamorphic Technique.

This dynamic combination of services will meet the needs of many who are in search of a holistic and spiritual approach to healing. Practitioners are fully certified so you can be confident that you are working with an experienced professional in their chosen field.

Appointments are made directly with the practitioner and sessions are held at our Center on the Unity Campus. Each practitioner has his or her own fee schedule, and payment for services are made directly to the practitioner.
